The best Forklift Simulator of all time.. Could the lagging be fixed for 1.04 I am sooo lagging, Sooo slow to play the game. This game is good but could be improved by the proformance speed, It would be good to fix these bugs/errors.... terrible FPS, boring gameplay, dont even buy this for a laugh, ITS PATHETIC. needs more levels better grafics ( IF I HAD SECOND CHANCE I WOULDN'T BUY THIS TILL I SEEN SOME UPDATES COMING IN ) completed all levels inside 1hr at most unreal not even worth 10cents sort it out devs. I really didn't know what to expect when I received Warehouse and Logistics Simulator in a bundle (and thank God it was a bundle, I wouldn't have paid £11.99 for this)! All I can say is what an absolute pile of♥♥♥♥♥♥♥♥. Thought this could be fun.. was completely mistaken. I don't know how I managed to play this as long as I did (0.5hrs). Horrible game, not worth a single dollar.. At work, I think about playing video games. At home, I play video games about work.

12V11, will drink some more.. if you really need to get rid of your money, send it to me instead!. Despite all of the negative reviews, I decided to give this game a try. Not only is it keyboard only, but the physics are terrible on it. It is pretty sad when I can get under a pallet perfectly, ease it off the shelf, and then as I am lowering the pallet it just falls THROUGH the forks and hits the ground - destroying the pallet and costing me pretty much any points earned in the round.

I've also operated plenty of forklifts in real life, and have never personally encountered any spacial displacement anomalies that caused pallets to fall through physical forks to their doom.

The only good thing this little game has going for it is the steering isn;t that bad, considering it is keyboard only and you cannot use a steering wheel with it. But for the price, I'd pay ... maybe 3 dollars for the main game and another buck for the DLC ... but in my opinion it definitely was not worth the 13 bucks I spent on it (purchased both game and DLC to check it out).

Fortunately, Steam protects these purchases so I am going to apply for a refund from Steam for this. Second game I've ever had to do this with.

THIS IS THE MOST INCREDIBLE EXTREME PAR FOR PAR BAR NONE PALLET AND FREIGHT MOVING IN A VIDEO GAME EVER.

NO OTHER GAME NAILS THE SEARING RAW DETAIL OF TAKING A PALLET JACK OR FORKLIFT TO YOUR PALLET AND MOVING IT TO ITS DESTINATION BEFORE TIME RUNS OUT. YOU GOTTA GET TO IT AND DO IT.

FORKLIFTS, ELECTRIC PALLET JACKS AND EVEN BIGGER FORKLIFTS ARE YOUR FREAKING ARSENAL HERE MAN, THOSE PALLETS ARENT GOING TO MOVE THEMSELVES. GET TO WORK OR YOU'RE GONZO BUD.

THEN THERE'S ZOMBIE DLC TOO? HOLY CRAP MAN, YOU GOT YOURSELVES BOMBS AND DETONATIONS AND MINES AND FREAKING SAWS TO YOUR FORKLIFT AND BATTERIES TO SHOCK THE HELL OUT OF ZOMBIES. NO ZOMBIE INVASION IS GETTING IN THE WAY OF MY WAREHOUSE WORK!

WHAT ELSE YOU GOING TO DO? BUY BADRATS?. Played for 5 minutes. forklift kept drifting. Couldn't move the fork. 10/10. Physics and graphics are amazing! Complete AAA game we have here, DLC's available too!

Oh, Warehouse Sim? Yeah that's \*\*\*\*\* terrible.. I wrote about my extensive experience in this game onto my resume and got a prestigious job as a forklifter at Walmart. Thanks, Warehouse and Logistics Simulator.. I honestly don't know how to review this one. I bought a bundle and this game came with it. Needless to say, I laughed for a while, but then I got bored of it pretty fast. It is not worth the 10 bucks, that is all I have to say.. 10/10.. If it were any good .. My god! Please.. Just put a tutorial in. \*spams keys until he finds the correct keys\* What's that? If you spam enough you find the key layout? Sigh... Pro: forklift simulation

contra:

every else. guys,

Sorry about negative & pessimistic comments read earlier, but this game is real fantastic.

I won't blame any previous testers & players.

Look, this is just not easy to use such real vehicle.

Not everybody in real life is suitable for driving that type of workfield vehicle.

My conclusion:

Only the most clever players in the word will be able to play successfully.

Challenge :

Will you be that clever or just looser ?

Yours,

CVTM

. This game sucks so bad, when I wouldn't stop playing it my dog farted, my cat threw up, and my girlfriend moved out. Do not recommend.. Frame rate was rough.
